

Current Accounts Lifecycle Management

The lifecycle management cockpit provides an overview of all current accounts. It displays all important events and tasks for the responsible officers in a clear and concise way.

The start screen lists all current accounts that are already being managed. By clicking on a row, an [overview page](#) of the corresponding current account is opened.

Current Account									
Customer number	Customer	Account number	Currency	IBAN	Organisation unit	Product	Dunning level	Manual	Dunning stop
